

Application No. 09/982,334  
Amendment Dated 15 January 2004  
Reply to Office Action of 15 July 2003

**Remarks/Arguments**

**Claim Rejections under 35 USC § 102**

The Examiner has quoted 35 USC § 102(b). Further, the Examiner has applied the above paragraph in stating that claims 1-6 are anticipated by U.S. Patent 4,936,884 to Campbell.

Claims 1-3 have been canceled. Claim 8 is new.

As emphasized in claims 4-6 as now amended and new claim 8, Applicants provide for structure which enables the mounting of a tool to a power source. Such structure *also* transfers power from that power source to the tool in the manner described in the remainder of the specification so as to achieve the advantages described therein.

Campbell, on the other hand, does not provide for such structure; accordingly, it is kindly requested that the rejection(s) be withdrawn.

In conclusion, it is believed that this application is in condition for allowance, and such allowance is respectfully requested.

Any fees or charges due as a result of filing of the present Paper may be charged against Deposit Account 04-0525.

Respectfully,

Brian H. Buck
